

Quality Management Solution for Manufacturers

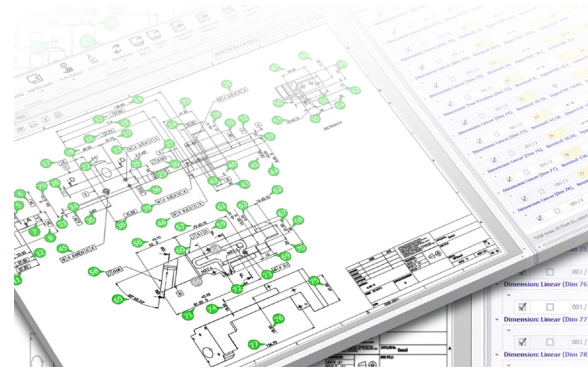

Streamline, Automate, and Elevate Your Quality Processes

Replace disconnected tools and manual tasks with a single, connected solution.

- Enable real-time collaboration
- Automate ballooning, data collection, and SPC
- Reduce errors with proactive use of quality data

Ensure your products consistently meet specifications with High QA Inspection Manager.

| BENEFITS | FUNCTIONS | STANDARDS |
|---|--|---|
| <ul style="list-style-type: none">▶ Automate Quality Processes & Data Import▶ Enhanced Reporting▶ Insights Beyond Pass/Fail▶ Reduce Cost▶ Prevent Human Interpretation Errors | <ul style="list-style-type: none">▶ Centralized database▶ User access control for part security▶ API for 3rd party integration▶ Flexible packages and licensing | <ul style="list-style-type: none">▶ Aerospace AS9100 EN9100 AS9102▶ Automotive QS-9000 ISO/TS16949 APQP▶ Medical 21CFR ISO 13485 |

24x faster

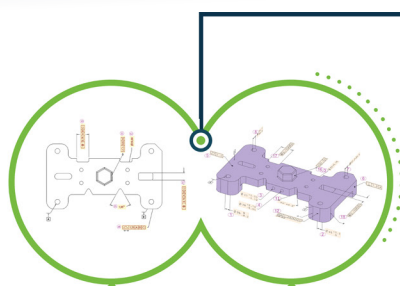

Balloon and create a bill of characteristics in 5 minutes instead of 2 hours.

90% less time

Complete a quality inspection project in 1 day instead of 2 weeks.

To learn how Inspection Manager can transform your quality management process, visit HighQA.com or contact us at info@highqa.com or 888.727.1266.

Win More Contracts

I am winning more aerospace contracts because I can get my FAIRs out faster and cleaner than my competition.

S. Hunt
Operations / Quality Director
Jet Machined Products

72% Savings

By installing High QA software, we have a 72% average savings on quality planning and reporting processes.

A. Sufian
Project Engineer
Beverston Engineering

Save Time

High QA saves copious amounts of time. It's ridiculously helpful. I'm not sure how anyone gets by without it.

T. Rousseau
Founder and Owner
Above All CNC

Faster FAI

High QA has been a game-changer for us. We have moved from completing 5-10 FAI reports a month to 5-10 a day.

P. Nelson
Engineering & Quality Manager
Louis Industries

The High QA Story

High QA, Inc. delivers an innovative, practical Manufacturing Quality Management System software platform that assists industrial organizations to manufacture and deliver high quality, in-tolerance parts on time and within budget. We are a team of design, manufacturing, software development and supply chain experts with hundreds of years' worth of combined hands-on experience in mechanical engineering, manufacturing, inspection, PLM, lean manufacturing and development of quality software products. High QA's executive team includes the founders of Cimatron and Enovia by Dassault Systems. High QA's team is highly focused on resolving customer challenges in the quality function and supply network management – both buyers (OEMs) and suppliers.

Our Vision

Simplify and automate
manufacturing quality.

Our Mission

On-time, on-budget,
and on-quality.
